About Us

Founded in 2002, Sports Licensing Solutions is one of the industry's most successful and experienced teams in mat manufacturing. We are licensed for all NFL, MLB and NHL teams, as well as 225+ colleges, 5 U.S. Military Branches and Ford Automotive. Our 257,000 square foot facility is located in metro Atlanta where we process many of our carpeted and vinyl products in house. In addition, many of our vinyl mats are made on site with recycled materials using our injection molding machines, making the process more efficient and eco-friendly! We are proud to say that 80% of our products are made right here in Georgia!
