# Crafted with Care

Designed and Developed in Oregon

**Redesigned ergonomic shoulder construction  
for uncompromised comfort**

---

**4-way Comfort Flex :  
Abduction, Flexion, Extension, Circumduction**

---

**Differentiated moisture wicking paneling for  
the ultimate in rider comfort**

---

# Boot Technology

## XR Performance Weatherproofing

Available on select HMK Pieces

XR-Performance weatherproofing technology employs microporous laminations and coatings to produce durable, breathable and waterproof products for use in the most extreme climates in the world. These coatings and laminates are combined with a variety of durable shell fabrics and insulation systems to create weatherproof barriers against severe conditions and temperatures in HMK products.

All levels of XR-Performance Weatherproofing laminate an advanced microporous membrane to the shell fabric, creating a durable, highly breathable and extremely waterproof shield against extreme conditions and varying temperatures.

## D3O Technology

Available on select HMK Footwear and Protective Pieces

D3O® unique technology is based on the innovation of capturing the benefits of non-Newtonian shear thickening material in polymers that can then be engineered for real world impact protection solutions. These enhanced properties offer a number of different performance benefits depending on the base polymer used and the intended application. D3O's global patents ensure that no other company can offer the same type of protection. D3O® materials are engineered to be fit-for-purpose but as a solutions provider D3O® is also able to customize the various formulations to a partners specific requirements.

### HMK Footwear >

The D3O® heel inserts featuring D3O® Decell material gives both long-term cushioning and shock attenuation. The D3O® heel insert offers easy integration of D3O® technology into midsoles.

### HMK Protective >

The D3O® T5 EVO X Range utilizes the latest material innovation from D3O® which offers increased durability. The parts continue to offer great impact protection whilst remaining low profile and lightweight. They are CE certified to level 1 across ambient, wet and cold conditions. CE certified to EN1621-1:2012

## Boa Technology

Available on select HMK Footwear

- + Glove Like Fit: Boa provides custom comfort with smooth, even closure and no pressure points.
- + Boa Technologies guarantees the Boa Lacing Systems reel and laces for the lifetime of the product.
- + Powerful Secure Closure: Once locked into place, Boa reels and laces stay that way.
- + Lightweight: Boa Closures shed water, mud, and ice, shaving precious weight.

- + Micro-Adjustability: Boa reels offer infinite degrees of fine tuning.
- + On-The-Fly: Get easy, one-handed adjustment even with gloves on.
- + Fast: Quick on. Quick off. Boa saves time when seconds count.

**WARRANTY INFORMATION** | All HMK Boots are covered by a one year limited warranty. This limited warranty covers materials and/or workmanship found to be defective (as determined by the manufacturer) within 12 months from date of purchase. Products found to be defective will be repaired or replaced as determined by the manufacturer.

# Carbon Boa Boot

## Cascade Ballistic

Available on select HMK Outerwear

### CASCADE BALLISTIC

Cascade Ballistic is the fabric of choice for durability and resistance to abrasion, tearing, and scuffing. Packaged with XR Weather Proofing Technology, the Cascade Ballistic fabric becomes a rugged shield against the elements.

**WARRANTY INFORMATION** | All HMK Outerwear is covered by a two year limited warranty. This limited warranty covers materials and/or workmanship found to be defective (as determined by the manufacturer) within 24 months from date of purchase. Products found to be defective will be repaired or replaced as determined by the manufacturer.

## Women's Specific

Quality Gear for the Ladies

Here at HMK we know that women rip just as hard or harder than men. That is why we have several styles and items in our line-up that are specifically designed to keep you dry, keep you warm, and keep you on the snow without sacrificing function or style.
