The **WIDE LOAD** Sign Continues

Our founder Merritt Mosby and Carita Mosby
Rest in Peace Merritt Mosby
April 27, 1933 - April 25, 2016

For more than 40 years, SafeTruck by Ms. Carita has been the leader in quality Oversize Load products including signs, banners, and flags. We offer the widest variety of OSL products with the best quality of any nationally distributed line in the market today, as well as more than 600 safety products for the professional trucker.

We are dedicated to continuing the legacy and vision of Merritt Mosby, Founder of SafeTruck by Ms. Carita, who passed away in April 2016.

Thank you for your support and loyalty to our brand. Merritt's legacy will live on through his sons and the leadership of this company. We will continue to bring you products that are bigger, stronger, and safer.

Gordon Mosby, Vice President (left)
Michael Mosby, President/CEO (right)

Bigger. Stronger. Safer.
COMPARE

Ms. Carita SafeTruck has been the industry leader in OVERSIZE products, for the Heavy Haul Industry. When it comes to Over Dimensional banners, signs, and Safety Flags, we have the best quality in the business. We also have the widest variety of products to choose from for a specific application or region. Our skilled technicians use only the best materials and can also build customized products for those hard to fit applications. That's what we do.

There are many companies that have tried to copy our products - none have been able to compete. We set the industry standard forty five years ago and no other line has even come close.

Below are just a few quick comparisons. Please visit our website for more comparisons that separate us from them.

THE BITTERNESS OF POOR QUALITY REMAINS LONG AFTER THE SWEETNESS OF LOW PRICE IS FORGOTTEN.

SafeTruck

Competitor #1

Thicker edge binding, always double stitched, and heavy duty grommets.

SafeTruck by Ms. Carita

Competitor #1

GROMMETS	#5 toothed, set with 90-lbs of pressure through two layers of material	#3 toothed, set through a single layer of material
STITCHING	Reinforced Double stitching	Single stitching
MAGNETS	Epoxy filled for stronger product	No epoxy filling, allows magnets to crack and fall out
MESH MATERIAL	12 yarns per SQ/IN 30% stronger material Visible in all lighting conditions	9 yarns per SQ/IN Difficult to see in many conditions
INK	High quality printing on banners Does not bleed through	Poor print quality Bleeds through
BUNGEEES	Heavy duty 3/8" bungees	Low quality 1/4" bungee
STAFF FLAGS	Sewn pole pockets for a better, stronger flag	Material rolled around staff & stapled, high chance of failure

SOLID VINYL BANNERS

Our Vinyl Banners are exceptionally strong and durable. Printed on 13 oz. vinyl-laminated polyester, they are tear and fray resistant. Fitted with large #5 toothed grommets or heavy 3/8" bungee cords. Grommets have a 9/16" center hole and are set with 90 lbs of pressure.

Bungees are 18" with coated steel hooks. Our 18" x 84" banners exceed AASHTO requirements for all 50 states. All banners are double-stitched.

"The banners have done a great job. I have only purchased one set and they have put up with 60mph wind just fine. I've been running these for 3 years and I can still use them!"

~Brian - Prescott, AZ

MESH BANNERS

Our mesh banners are made of 9 oz. vinyl-coated polyester that allow up to 30% airflow for less wind resistance. All mesh banners are double-stitched with edge binding top and bottom.

*"I run local for a demo company. We've been using SafeTruck Banners and Flags for a while now. These products are pretty widely available and last longer than the competition."
~Steve - Springfield, OH*

"I like SafeTruck products because they last and are built strong. I use them every single day. They are great products!"

~Albert - Bloomer, WI

WOOD SIGNS

Our wood signs are made from premium quality 3/8" DMDO (double medium density overlay). We seal the edges and prime the surface before coating with enamel. After printing they are top-coated to ensure a long service life. All Wood Reflective Signs are made with our High Intensity Reflective Material.

"Fit and finish they are just the best quality products. Flags last a long time, signs hold up for a couple of years. I have not ran across anything that compares."
~Dennis - Yuba City, CA

"This SafeTruck Wood Sign was purchased in the 1980s. Still going strong today!"

SINGLE-SIDED ALUMINUM SIGNS

Aluminum signs are made from .090" premium quality aluminum. Hinged aluminum signs can be bolted to bumpers and folded down when not in use. All Aluminum Reflective Signs are made with our High Intensity Reflective Material.

"Here at D. Hill Trucking, we have been using these reflective signs for 15 plus years on all of our trailers and they hold up very well to the weather and abuse of heavy hauling."

~Jason - Tracy, CA

THE EZ MOUNT FLAG ASSEMBLY KIT

EZ-MOUNT FLAG ASSEMBLY KIT

The EZ-Mount Flag Assembly Kit is machined from stainless steel with a solid aluminum rod and features a stainless steel spring receiver. Allows for quick connect and disconnect to the EZ-Mount Bracket.

Features:

- Kit contains all parts needed for installation
- Jersey flag sewn directly to welting
- Stainless steel bracket
- Provides a 45° or 90° angle for mounting the flag assembly
- Welting allows for free rotation of flag on the staff
- Stainless steel spring receiver for fast connect/disconnect
- No need for bungees or clamps
- Mounting hardware included
- Double stitched for extra strength

P/N: FZK300C RED FLAG KIT
P/N: FZK700C ORANGE FLAG KIT

RETAIL READY PACKAGING

EZ-MOUNT FLAG ASSEMBLY

The EZ-Mount Flag Assembly is machined from stainless steel with a solid aluminum rod and a stainless steel spring receiver.

- Jersey flag sewn directly to welting
- Welting allows for free rotation of flag on the staff
- Stainless steel spring receiver for fast connect/disconnect
- Double stitched for extra strength

P/N: FZA300C - 18" RED FLAG ASSEMBLY
P/N: FZA700C - 18" FLO-ORANGE FLAG ASSEMBLY

EZ-MOUNT REPLACEMENT FLAGS

EZ-Mount Replacement Flags provide simple flag replacement.

- Available in Red or Flo-Orange jersey flag material
- Jersey Material sewn directly to welting
- Welting allows flag to rotate freely on staff for highest visibility and easy replacement
- Replacement nut included
- Double stitched for extra strength

P/N: FZR300C - 18" RED REPLACEMENT FLAG
P/N: FZR700C - 18" FLO-ORANGE REPLACEMENT FLAG

EZ-MOUNT BRACKET

The EZ-Mount Bracket is a stainless steel bracket that mounts to the truck or trailer.

- Stainless steel bracket
- Provides a 45° or 90° surface for the 5/8" stainless steel EZ-Mount stud
- Mounting hardware included

P/N: FZB101 - BRACKET

STAFF FLAGS

All staff flags have sewn pockets with a 3/4" x 30" wood dowel. Four sizes, two colors, and four different materials to choose from. Each flag is double-stitched with a reinforced hem. Unbreakable plastic staffs are also available (see page 25).

3/4" diameter dowel. Attaches with our Flag Bracket Pipe or Flag Bracket Clamp (see page 27).

RB90	4.90"	0.500"	210 LB ROUND BASE MAGNET

*Ratings based on Manufacturer's data

Pull strength is measured on a flat 0.50" thick steel plate. Use caution when handling our magnets. Their exceptional magnetic force will attract to metal and each other, don't get pinched.

Common Applications

Antenna mounts • Work lamp bases • Emergency light holders • Vehicle flag holders • Sign and banner holders

FLAG BRACKET CLAMP

Great for temporary or permanent mounts.

- Extruded aluminum “J” clamp
- Stainless steel bolt
- Two clamps recommended for highway use
- Sold in Pairs

P/N: FBC101-R

RETAIL READY PACKAGING

FLAG BRACKET PIPE

Simple and easy method for mounting staff flags to bumpers, trailers or equipment.

- Mounts to bumpers, fenders and trailers
- Bolt on flag mount
- 1” Galvanized pipe with zinc plated hardware
- Sold in Pairs
- 12 inches in length

P/N: FBP101-R

FLAG STRAPS WITH SWIVEL SNAP HOOK

The perfect solution for hanging safety flags around the end of any long load. This strap features a cam buckle and steel swivel snap hook for easy installation around logs, pipes, lumber, concrete and more.

P/N	SIZE
MSFS48	4'
MSFS12	12'

- Strong 1” wide red polyester web strap
- Available in 4 foot and 12 foot lengths
- Metal Cam Buckle sewn to strap for added strength
- Steel Swivel Snap Hook securely holds wire loop flags, see page 23

VIZION™ 1 HARD HAT LIGHT

For superior hands-free illumination in every situation, count on the Vizion™ 1.

- Waterproof to 15 feet
- Intrinsically safe
- Proprietary Compound Path Optics (CPO) permits high efficiency and compact size
- Thermal Recovery System recycles heat from the LED to warm batteries for improved performance in low temperatures
- Remarkably lightweight and waterproof design for all weather use
- 3 selectable beam patterns - Spot, Diffused and Red Diffused
- High and Low power settings
- Large push button control switch works with heavy gloves
- LED lamp module can be removed from mounting strap for use as a portable work light
- Rotating beam angle adjustment knob, no hinge to break
- High impact ABS, LEXAN® and molded rubber construction for durability
- Fits any hard hat
- Requires 3 “AAA” batteries (included)
- Made in the USA

P/N: MS17018

OUTBACK F5 5-FUNCTION LED TAILGATE LIGHT BAR

The LED Tailgate Light Bar mounts easily into the space just below the tailgate with 3M™ self-adhesive tape. Setup includes a six wire hook-up with a flat 4 connector that plugs into the trailer light connector. Requires one wire for backup lights and one wire for 12V constant power.

- High visibility with 5 functions and 3 colors (Red Running/Tail Lights, Red Brake Lights, White Backup Lights, Amber Left and Right Turn Signals)
- Easy installation, mounts with 3M™ self-stick tape
- Fits neatly into space just below tailgate
- Applications for domestic and foreign vehicles
- 60 inches long
- No drilling required

P/N: 20-803

MAGNETIC TOW LIGHTS

- High quality, low cost
- Adjustable rubber heads with sealed lamps
- 30 ft all weather cable
- 4-way die-cast plug
- Great for towing cars, trailers and dollies

P/N: MTL101

PORTABLE SAFETY LIGHT

- Compact and portable (size: 4.75" x 3.90")
- 24 ultra-bright LEDs
- Visible 360-degree lighting
- Includes carrying strap and magnetic base
- Optional use photocell
- Runs on two "D" batteries for 300-400 hours (batteries not included) (See page 62 for batteries)

All of our wide turn kits are CHP and D.O.T. approved under section #108 and are made from 18-gauge galvanized steel construction.

LEFT OR RIGHT WIDE TURN SIGNAL

- 8" amber arrow, 12 volt
- 8" x 15" D.O.T. decal approved statement
- Replaceable 1156 bulb
- Overall Size: 8" x 24"

Left - P/N: MSGL101
Right - P/N: MSGR101

UNIVERSAL WIDE TURN SIGNAL KIT

- 8" amber arrow, 12 volt
- D.O.T. approved decal
- Fits on trailers with skirts

COWBOY STYLE HARD HAT WITH SQUEEZE LOCK SUSPENSION

Stylish and comfortable, these hard hats are constructed of high-density polyethylene to provide excellent impact protection. The extra wide brim provides more UV protection than standard or full brim hard hats and a plush cotton terry sweatband inside the hat helps to keep you dry. The hat's fully adjustable 6-point squeeze lock suspension ensures a precise, secure fit.

- Meets ANSI Z89.1-2003, Type 1
- Class E, G, and C

P/N	DESCRIPTION
MSVCB100 Black	Cowboy Style Hard Hat
MSVCB100 Tan	Cowboy Style Hard Hat
MSVCB100 White	Cowboy Style Hard Hat

LOW PROFILE HARD HAT

- Low profile design with rain trough on sides and back of helmet
- Shell constructed from High Density Polyethylene materials
- Cap style available with 4- and 6-point nylon suspensions
 - Snap Lock suspension features “tuck away” adjustments for all day, hassle free wear (White, Yellow and Blue)
 - Ratchet suspension is easy to adjust and allows the wearer to modify the fit (Hi-Viz Lime and Hi-Viz Orange)
- Replaceable cotton sweat band
- Exceeds ANSI Z89.1-2009, Type 1, Class C, G and E, CSA Z94.1-05

PLUSH FLEECE WINTER LINERS

This 3-IN-1 Plush Fleece Winter Liner is made of 100% Polyester Fleece. Adjustable Design. Can be worn several ways. Traps warm air to keep head, face, nose, ears and neck warm. Drawstring for tightening helps block wind tunneling. Large opening around eyes won't interfere with visibility.

P/N: MS1070-01

SAFETRUCK LEATHER GLOVES

Protect your hands with SafeTruck Leather Gloves. Sewn from heavy side-split leather, the best wearing portion of the hide, these gloves also boast 10-oz. heavy cotton backs to ensure they last.

P/N: 11181LTXLG X-LARGE

SAFETRUCK HI-VIZ GLOVES

Wear these lined gloves at night or in low visibility conditions. Knuckle straps reflect light at extreme distances. 3M Thinsulate® lining traps warm air, wicks perspiration. Pigskin palms stay soft, even when wet.

P/N: 2082XLU - X-LARGE

REFLECTIVE SAFETY VEST

The high-visibility color helps to make individuals wearing this vest easy to spot. Be Seen. Be Safe.

Features:

- Lightweight, fluorescent knit polyester mesh fabric
- 3/8" black trim
- Two 1" reflective silver stripes vertically sewn front to back
- Elastic side straps for universal One-Size-Fits-Most
- Hook and loop front closure
- Foldable and washable

Note:

This vest does not meet ANSI standards but is acceptable in many circumstances requiring increased daytime and nighttime visibility. Vest should be used where increased visibility is required.

NEW YORK STATE ESCORT DECALS, MAGNETS AND PATCHES

Magnet printed on .030" magnetic sheeting and diecut to shape. Sold in pairs.

DECAL P/N: NYS101-D (12" x 12") Sold as a pair.

Required for escorts and pilot cars in New York.

MAGNET P/N: NYS101 (12" x 12") Sold as a pair.

Patch is embroidered with blue thread on yellow gold canvas material. Includes a heat sealed backing.

PATCH P/N: NYS101-P (4" x 4")

Dimensions for all Placards are 14" x 14" x 10"
(Does not include Placard Holder)

5-PANEL DUO-FLIP PLACARD

The duo-flip system features 5 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials in bulk. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. The numerals flip easily to give you any combination of 4-digit numbers. This system is available in brute mill finish.

The system includes:

- Corrosive 8
- Flammable 3
- Poison 6
- Combustible 3
- Blank Panel

P/N: 126CT

9-PANEL DUO-FLIP PLACARD

For the ultimate in convenience, flexibility and time saving, the 9-panel duo-flip placard allows you to change both D.O.T. placards and ID numbers in seconds to match your commodity. This duo-flip 9-panel placard system includes 9 placard panels in a single frame. .032 aluminum alloy placard panels slide over easily on four aluminum hinges. Notches in the aluminum panels allow you to flip numerals without interference. Panels lock in place with four stainless steel pressure fasteners.

The system includes:

- Inhalation Hazard 2
- Flammable Liquid 3
- Poison 6
- Combustible 3
- Oxidizer 5.1
- Inhalation Hazard 6
- Corrosive 8
- Miscellaneous 9
- Blank Panel

P/N: 126CTP

SLIDE MASTER ALUMINUM PLACARD HOLDER

These slide in placard holders feature the easy-off ramp, an innovative design that glides placards over the retaining clip so they slide out without a hitch. Placard holders are suitable for metal, tag board and rigid vinyl placards. This aluminum holder has a bright mill finish.

8-PANEL STANDARD FLIP PLACARD

This Heavy Duty Flip System includes 8 placard panels in a single frame. Placards meet D.O.T. specifications for transporting hazardous materials. The frames are constructed of corrosion resistant, fully formed rigid aluminum. Placard panels are made of aluminum alloy and mill roller coated with white acrylic paint baked at 400°. Panels lock in place with four stainless steel pressure fasteners. Available in brute mill aluminum finish or white.

The system includes:

- Poison 6
- Non-Flammable Gas 2
- Oxidizer 5.1
- Dangerous
- Flammable 3
- Flammable Gas 2
- Corrosive 8
- Blank Panel

17-PANEL PLACARD SYSTEM

The full frame placard system includes 17 placard panels in a single frame. The frame is constructed of corrosion-resistant fully formed rigid aluminum. Even under the toughest road conditions this placard provides superior durability. Self-contained placard panels are constructed of aluminum alloy. Panels lock in place with 4 double-riveted stainless steel pressure fasteners. Changing D.O.T. placards when your load changes is as easy as the flip of a panel. This system eliminates the hassle and expense of replacing placards so D.O.T. compliance is at your fingertips.

The system includes:

- Dangerous Flammable Gas 2
- Poison 6
- Non-Flammable Gas 2
- Corrosive 8
- Flammable Liquid 3
- Oxidizer 5.1
- Organic Peroxide 5.2
- Explosive 1.4
- Spontaneously Combustible 4
- Flammable Solid 4
- Inhalation Hazard 6
- Dangerous When Wet 4
- Blasting Agents 1.5D
- Miscellaneous 9
- PG III
- Inhalation Hazard 2
- Blank Panel

- Built tough to last longer
- Made in the U.S.A.

P/N: MST115

RETAIL READY PACKAGING

TANDEM AXLE STOP

The Tandem Axle Stop is designed specifically for adjusting your tandem axles. The Tandem Axle Stop fits both old and new suspension types so it's ideal for the fleet driver who pulls a different trailer regularly. The double ends also act as a counter balance to keep it firmly in place while sliding the frame to the desired location. P/N: MST110

- **START** getting it right the first time, every time.
- **START** adjusting your tandems without a spotter.
- **STOP** guessing where to stop while adjusting your tandems at the scales or for tight curvy roads.
- **STOP** climbing in and out of your rig multiple times for each adjustment.
- **FITS** both 1.5" and 1.75" frame holes.

RETAIL READY PACKAGING

How it works:

1. Release and latch the tandem retaining pin lever.
2. Place the Tandem Axle Stop in the hole next to where you want the tandem retainer pins to catch.
3. Lock your trailer brakes.
4. Pull forward or reverse until the tandems hit the Tandem Axle Stop.
5. Ease pressure off the Tandem Axle Stop just a little so it is easier to remove.
6. Unlatch and reset the tandem retaining pin lever, locking-in the pins.
7. Remove the Tandem Axle Stop and go.

THE EZ STEPPER IS EASY TO USE, CLIMB AND STORE!

Specifications and Benefits:

- Fits all major truck tires
- Lightweight construction: 15 lbs.
- Dimensions: 24" (W) x 25" (H) x 2" (D)
- Maximum capacity of 400 lbs.
- All steel construction
- Powder coat finish
- 3 steps with safe non-slip tread
- Easy to transport and store with compact and foldable design
- Easily access hard-to-reach windows and flatbeds
- Designed by the trucker, for the trucker

MIRROR MITTS

Helping to prevent accidents before they happen.

The Mirror Mitt is a safe way to protect technicians servicing trucks. For 6 years, Mirror Mitts have been a safety tool used by some of the largest transportation companies in North America and Canada.

Mirror Mitts consist of two thick pieces of moisture proof, OSHA yellow foam bonded together with Velcro one-wrap and a large safety message printed on both sides.

Mirror Mitts will:

- Reduce work related injuries
- Promote safety in the workplace
- Reduce the number of workers' compensation claims
- Show inspectors that you are safety conscious in your workplace, which makes the inspection process easier on your company
- Easy to use. Just grab on to both sides, squeeze on then squeeze off
- For use on front mirrors or hood mounted bullhorn mirrors

P/N: MSMM-101 (Sold In Pairs)

WORKPADDS™

WORKPADDS™ are a soft but firm, SUPER comfortable, flat kneepad built for safety. An ultra soft solution to cold, hard surfaces. Take the pain out of working on vehicles, equipment, or stocking shelves.

Safety WORKPADDS™ are treated foam rubber for light work, home or recreational use.

- Will not absorb moisture
- Will not split, crack, or dry out
- Easy to clean
- Durable material for a long life
- Built-in handle for carrying or hanging
- 18" Long x 7" Wide x 3/4" Thick
- Custom Printing Available upon Request

P/N: MSWP-101

EPDM RUBBER TARP STRAPS

Straps are designed for securing tarp covers on flatbed trailers.

- 100% EPDM Synthetic Rubber Polymer
- Available lengths: 9", 15", 21", 31" and 41"

OUT OF SERVICE STEERING WHEEL COVERS

Our reinforced vinyl covers have a screen-printed warning message that fits over a standard steering wheel.

- Stitched pocket allows upper half to slip over the back of the steering wheel
- 3/8" metal grommet on the bottom half accommodates a 1½" hasp, padlock or zip tie to secure the cover to the steering wheel

DANGER: DO NOT OPERATE OR MOVE

Notify people of the danger of operating the vehicle in both English and Spanish with this handy steering wheel warning cover.

20" - P/N: KDD724

CAUTION: VEHICLE BEING SERVICED

Ensure a vehicle is not accidentally operated while being serviced by placing this cover over the steering wheel.

20" - P/N: KDD727

DANGER: DO NOT OPERATE OR MOVE VEHICLE

Notify people of the danger of operating the vehicle to prevent potential injuries or accidents.

20" - P/N: KDD725

24" - P/N: KDD736

OUT OF SERVICE WARNING FLAG

High visibility 18" fluorescent orange knit polyester flag. A great way to prevent accidental hook-ups to an out-of-service trailer. Get your trailers marked and noticed effortlessly. Ideal for use with our popular Flag-Mag. (Page 10)

P/N: FW500C-OOS

"OUT OF SERVICE" LABEL

The perfect option to identify inoperable vehicles and equipment waiting for repairs.

- Printed on destructible paper with a permanent adhesive
- **Use on glass only**
- Matte clear coat for UV resistance, color stabilization and ink pen writable
- Easily remove from window with razor blade
- Sold in rolls of 100 labels
- Dimensions: 4" x 6"

P/N: D500

METAL CARGO SEAL

Economy Flat Metal Truck and Cargo Seal. Preprinted and numbered.

- Breaking Strength:** 125 lbs.(56.7 kg)
- Carton Size:** 17" x 15" x 12" per carton
- Weight:** 12 lbs 5/16" (21.6 cm x 7.9 mm)
- Standard:** 5,000 cargo seals
100 seals per bundle
- Printing:** One line up to 17 spaces
Consecutive numbers up to 7 digits
Logos available
- To apply:** Self locking, no tools required
- Minimum order:** 1000

PLASTIC CARGO SEAL

All purpose high-density copolymer door seal. Serialized, these stock door seals can be used for sealing trucks, trailers and containers. Sold in packs of 100. Minimum order: 100

P/N: MSC4001 (MS. CARITA)

RETRACTABLE CB MIC KEEPER®

No more fumbling around trying to hang your CB mic. Grab your mic, use it, let it go - it retracts back up to the headliner. Includes mounting hardware to attach CB Mic Keeper to headliner. Simplify your CB set-up!

Standard Model RT4-4112

- For Use with Standard Mics
- Retracting Tether Suspends Mic from Headliner
- 2X the Spring Life and Longer Extension
- Nylon Coated Stainless Steel Cable
- Nylon/Elastic Mic Lanyard
- Stainless Steel Spring and Hardware
- 28" Extension
- 9 oz. Retractable Force
- 60 lbs. Breaking Strength

P/N: RT4-4112

Heavy Duty Model RT3-4112

- For Use with Heavy Mics, Metal-Cord Models, for When Longer Extension is Needed
- Locking Mechanism Allows Mic to be Locked in Any Position
- Retracting Tether Suspends Mic from Headliner
- 2X the Spring Life and Longer Extension
- Nylon Line with Kevlar Core
- Nylon/Elastic Mic Lanyard
- Stainless Steel Spring and Hardware
- 42" Extension
- 12 oz. Retractable Force
- 80 lbs. Breaking Strength

P/N: RT3-4112

AC DELCO ALKALINE BATTERIES RETAIL READY PACKAGING

AC Delco Batteries have a long lasting life and consistent quality that provides the reliability you need.
